🎓 Experienced PAT Tutor | University of Tokyo | MSc in Theoretical Physics

With an MSc in Theoretical Physics from the University of Tokyo and a BSc in Mathematics from Kyoto University, I bring 19 years of tutoring expertise. I specialise in PAT prep, A-Level Maths and Physics, and Oxbridge applications, helping students achieve success in exams and secure spots at top global universities.

Teaches: PAT A-Level Maths A-Level Physics

Curriculum: A-Level Admissions

Qualifications

University of Tokyo: MSc in Theoretical Physics (2003–2005)

Kyoto University: BSc in Mathematics (1999–2002)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I started my tutoring career shortly after completing my MSc, focusing on preparing students for competitive exams like the PAT and Oxbridge interviews. Over nearly two decades, I have guided students through complex topics in maths and physics, helping them develop problem-solving strategies critical for success.

During my tenure as a full-time physics and maths teacher at a high-ranking school in Tokyo, I taught students of varying abilities, from introductory IGCSE Maths to advanced A-Level Physics. I also conducted workshops to improve academic outcomes and assist students aiming for top universities.

In addition to school-level teaching, I have worked extensively with prospective university candidates, providing personalised support for PAT preparation, mock interviews, and rigorous problem-solving sessions. My approach has consistently helped students achieve their academic goals and excel in admissions processes.
